Our Environmental Policy

In all areas of our lives we should be looking at ways to help protect the environment and here at Feather Flickers this is a priority.

As a business we are continually looking for long and short term initiatives to help improve our own environmental footprint.

Feather Flickers Cleaning Environment Policy

- Minimise our consumption of resources and raw materials
- Minimise emissions and reduce energy consumption
- Minimise waste from our cleaning activities and recycle wherever possible
- Purchase from suppliers who share our concern for the environment and wherever possible purchase and use recyclable products or products from sustainable sources
- Exercise a positive influence within the cleaning industry through our awareness raising and behaviour changing activities

We will do this by:

- Complying with and wherever possible, exceeding all relevant environmental legislation
- Implementing a system to monitor and measure our impact on the environment
- Continuing to integrate environmental aims into our business planning process for ongoing improvement
- Actively communicating with employees on our environmental programme

Feather Flickers successfully undertook a large contract for IMG, the worlds premier and most diversified sports, entertainment and media company during the Royal Birkdale Open Golf in 2008, Turnberry in 2009 and St. Andrews in 2010.
